Securing an Enrollment Key When Requires

1 How to Secure an Enrollment

2

Some courses are part of a series and may require an enrollment key to advance through the series. Enrollment keys are generated once all the course requirements are met.

It may take a few minutes for the system to refresh and generate the key. If you do not see a key after 5-10 minutes, check the Completion Progress bar to make certain everything has been checked; and refresh your browser.

3 If you need assistance or have questions, submit a Help Desk ticket. There is a link to the Help Desk form on every page in a course in the right drawer.
